

WEAPONS CARE SYSTEM PELLETS - VFG 25 CALIBER-6.5MM SUPER INTENSIVE PELLETS 50/BAG

Absorbent Felt Pellets Quickly Scrub Barrels Clean

Innovative and efficient system cleans rifle and handgun barrels with a minimum of effort and mess. Slip two felt pellets on the cleaning rod adapter, apply your favorite solvent and push through the bore to rapidly scrub out dirt and fouling. Pellets fit snugly to easily follow the rifling for fast, efficient cleaning; as you withdraw the rod, the front pellet falls off while the rear pellet polishes the bore. Lets you apply oil, cleaning solvents, J-B® Bore Cleaner or Moly Bore Paste easily with minimal mess. Plain pellets are made from a highly absorbent, hardened felt; Super Intensive pellets also have interwoven brass fibers for even greater scrubbing action to quickly clean heavily fouled barrels. All require cleaning rod adapter.
